Minister's message

On behalf of Natural Resources Canada, I am pleased to present the 2017 to 2018 Report on Fees.

On June 22, 2017, the [Service Fees Act](#)ⁱ received royal assent, thereby repealing the [User Fees Act](#)ⁱⁱ.

The Service Fees Act introduces a modern legislative framework that enables cost-effective delivery of services and, through enhanced reporting to Parliament, improved transparency and oversight. The act provides for:

- ▶ a streamlined approach to consultation and the approval of new or modified fees
- ▶ a requirement for services to have service standards and reporting against these standards, along with a policy to remit fees to fee payers when standards are not met
- ▶ an automatic annual fee adjustment by the Consumer Price Index (CPI) to ensure that fees keep pace with inflation
- ▶ annual detailed reporting to Parliament in order to increase transparency

This 2017 to 2018 Fees Report is the first report to be prepared under the Service Fees Act. The report includes new information such as a detailed listing of all fees along with future year fee amounts. Additional fee information will be included starting next fiscal year, once Natural Resources Canada fully transitions to the Service Fees Act regime.

I welcome the increased transparency and oversight that the Service Fees Act's reporting regime embodies, and I am fully committed to transitioning my department to this modern framework.

The Honourable Amarjeet Sohi, P.C., M.P.

Minister of Natural Resources

General fees information

The tables that follow provide information on each category of fees, including:

- the name of the fee category
- the date that the fee (or fee category) was introduced and last amended (if applicable)
- service standards
- performance results against these standards
- financial information regarding total costs, total revenues and remissions

In addition to the information presented by fee category, there is a summary of the financial information for all fees as well as a listing of fees under the department's authority. This listing includes the existing fee dollar amounts and the adjusted dollar fee amount for a future year.

General and financial information by fee category

General information

Fee category	Fees for processing requests filed under the Access to Information Act
Fee-setting authority	Access to Information Act
Year introduced	1988
Year last amended	1992
Service standard	A response is provided within 30 days following receipt of a request; the response time may be extended under section 9 of the Access to Information Act.
Performance results	The department met the prescribed legislative standards 98.5% of the time. From the 901 files closed, 884 files were closed within their legislative timeframe.
Other information	During fiscal year 2017-2018, application fees totalling an amount of \$1,895 were collected from applicants. Fees waived during 2017–2018 represented \$2,520.

Financial information (dollars)

2016 to 2017 Revenue	2017 to 2018 Revenue	2017 to 2018 Cost*	2017 to 2018 Remissions†
1,585	1,895	1,363,517	Not applicable

* The amount includes direct and indirect costs, where such costs are identifiable and material.

† A remission is a partial or full return of a fee paid. Under the Service Fees Act departments are required to develop policies that determine when fees will be remitted to fee payers should service standards not be met. The requirement for departments to remit is anticipated to come into effect on March 31, 2020. This effective date allows departments time to develop remissions policies and adjust service standard tracking and remittance systems. During fiscal year 2017 to 2018, some departments may have issued remissions, in accordance with their authority of their enabling legislation or regulation, as opposed to the authority given by the Service Fees Act. It is remissions issued under enabling legislations or regulations that are shown above.

General information

Fee category	Air Photo products fees
Fee-setting authority	Resources and Technical Surveys Act, section 8(2) Recovery of Expenditures
Year introduced	1994
Year last amended	2008
Service standard	Aerial Photography – Order processing time by the National Air Photo Library is ten working days, priority service is five working days; response time for information requests of ten working days 80% of the time; production error rate of 2% or less; hours of operation: 08:00 - 16:00 EST.
Performance results	The service standard of 10 working days was met 90% of the time (for regular orders) and 100% of the time for priority service orders. Performance issues are addressed through ISO Quality Objectives, which are updated each year to address issues that arise. Performance results are monitored continuously. Aggregate annual data are available on request.
Other information	It should be noted that the sale of air photo products is done through the Geomatics Canada Revolving Fund (GCRF). The GCRF is governed by Treasury Board's Special Revenue Spending Authority. The objective of a Revolving Fund is to fully cost recover over the life cycle of its business operations (multiple years). The GCRF financial statements are audited (externally) annually. The GCRF has obtained a clean unqualified audit opinion (external auditors) since its inception.

Financial information (dollars)

2016 to 2017 Revenue	2017 to 2018 Revenue	2017 to 2018 Cost*	2017 to 2018 Remissions†
336,927	481,439	616,498	0

* The amount includes direct and indirect costs, where such costs are identifiable and material.

† A remission is a partial or full return of a fee paid. Under the Service Fees Act departments are required to develop policies that determine when fees will be remitted to fee payers should service standards not be met. The requirement for departments to remit is anticipated to come into effect on March 31, 2020. This effective date allows departments time to develop remissions policies and adjust service standard tracking and remittance systems. During fiscal year 2017 to 2018, some departments may have issued remissions, in accordance with their authority of their enabling legislation or regulation, as opposed to the authority given by the Service Fees Act. It is remissions issued under enabling legislations or regulations that are shown above.

General information

Fee category	Map products fees
Fee-setting authority	Resources and Technical Surveys Act, section 8(2) Recovery of Expenditures; Canada Land Surveys Act, section 4(2) Tariff of Fees
Year introduced	1994
Year last amended	2004
Service standard	National Topographic System and Atlas of Canada maps – NRCan sells maps on a wholesale basis from the Canada Map Office (CMO) to a limited distribution network, and service standards reflect this. Response time for information requests is five working days.
Performance results	Order processing time: the CMO will strive to fill orders received from the Regional Distribution Centres (RDC) within five working days (excluding Saturdays, Sundays and statutory holidays in the province of Ontario), upon approved credit and provided that the account is in good standing. Hours of operation: 08:00 - 16:00 EST. The service standard of five working days was met 95% of the time. Performance issues are addressed through Quality Objectives, which can help inform the standard operating procedures in place.
Other information	It should be noted that the sale of map products is done through the Geomatics Canada Revolving Fund (GCRF). The GCRF is governed by Treasury Board's Special Revenue Spending Authority. The objective of a Revolving Fund is to fully cost recover over the life cycle of its business operations (multiple years). The GCRF financial statements are audited (externally) annually. The GCRF has obtained a clean unqualified audit opinion (external auditors) since its inception.

Financial information (dollars)

2016 to 2017 Revenue	2017 to 2018 Revenue	2017 to 2018 Cost*	2017 to 2018 Remissions [†]
40,806	47,646	17,627	0

* The amount includes direct and indirect costs, where such costs are identifiable and material.

[†] A remission is a partial or full return of a fee paid. Under the Service Fees Act departments are required to develop policies that determine when fees will be remitted to fee payers should service standards not be met. The requirement for departments to remit is anticipated to come into effect on March 31, 2020. This effective date allows departments time to develop remissions policies and adjust service standard tracking and remittance systems. During fiscal year 2017 to 2018, some departments may have issued remissions, in accordance with their authority of their enabling legislation or regulation, as opposed to the authority given by the Service Fees Act. It is remissions issued under enabling legislations or regulations that are shown above.

General information

Fee category	Fees for the Non-Destructive Testing Certification Body based on Canadian General Standards Board (CGSB) / International Standards Organization (ISO) standards
Fee-setting authority	Resources and Technical Surveys Act, Recovery of Expenditures
Year introduced	1960
Year last amended	2017
Service standard	<p>Client services provided by the National Non-Destructive Testing Certification Body (NDTCB):</p> <ul style="list-style-type: none"> • Candidates' application forms are processed within two weeks of receipt. This period is advertised on application forms 'Instructions for Candidates', available in hard copy or electronically from the NRCan Non-Destructive Testing website. All candidates have this information before applying. (Note: Assessment of foreign applications or unusual training and experience situations may require more time.) • Examination results are usually available three weeks from the date of receipt of the examination package. This period is clearly specified in the 'letter of approval' issued to the candidate to permit him/her to challenge an examination.
Performance results	<p>The progress of each client application is recorded and tracked throughout the process: date of receipt, date of review, date of written responses. To summarize performance results against the stated Service Standard, fully completed client applications without errors, or omissions, are normally being processed within the stated standards approximately 80% of the time.</p> <p>Of note, there has been a recent and significant increase in the number of new applicants for certification requests (almost doubling typical volume), which is being managed.</p>
Other information	N/A

* Fees are adjusted annually in one of two ways: (1) Under the Service Fees Act, fees are adjusted in each fiscal year by the percentage change over 12 months in the April All-Items Consumer Price Index for Canada, as published by Statistics Canada for the previous fiscal year. The Consumer Price Index rate for this report is 2.2%. (2) The fee is subject to a periodic adjustment at a predetermined rate, in accordance with another authority in legislation or regulation.

† The “Future fee amount and fiscal year” is the new amount of the fee, in a future fiscal year other than 2019 to 2020, adjusted by a predetermined rate, in accordance with the authority in legislation or regulation.
